Emancipation Night in Antigua.

The following account of the manner in which the Emancipation Act was ushered in, in 1838, is by Messrs. Thome & Kimball:

"The Wesleyans kept 'watch night' in all their chapels on the night of the 31st of July. One of the Wesleyan missionaries gave us an account of the watch meeting at the chapel in St. John's. The spacious house was filled with candidates for liberty. All was animation and eagerness. A mighty chorus of voices swelled the song of expectation and joy, and as they united in prayer, the voice of the leader was drowned in the universal acclamations of thanksgiving and praise, and blessing, and honor, and glory, to God, who had come down for their deliverance. In such exercises the evening was spent until the hour of twelve approached. The missionary then proposed that when the clock on the cathedral should begin to strike, the whole congregation should fall upon their knees, and receive the boon of Freedom in silence. Accordingly, as the loud bell tolled its first notes, the immense assembly fell upon their knees. All was silence, save the quivering, half-stifled breath of the struggling spirit. The slow notes of the clock fell upon the multitude; peal on peal, peal on peal, rolled over the prostrate throng, in tones of angels' voices, thrilling among the desolate chords and weary heart strings.—Scarce had the clock sounded its last note, when the lightning flashed vividly around, and a loud peal of thunder roared along the sky, God's pillar of fire, and trump of jubilee! A moment of profoundest silence passed—then came the *burst*—they broke forth in prayer—they shouted—they sung, 'glory' 'alleluia;' they clapped their hands, leaped up, fell down, clasped each other in their free arms, cried, laughed, and went to and fro, tossing upward their unfettered hands; but high above the whole there was a mighty sound which ever and anon swelled up; it was the utterings in broken negro dialect of gratitude to God."

LUTHER ON HOUSEKEEPING.—Martin Luther was wont to say: "Every one in wedlock should have the office that belongs to him or her. The man should provide and the women save. In this way the woman can make her husband rich; but he can never make her so, for the penny saved is better than the penny earned. Prudence is the surest income."

These are plain truths in plain words. Poor Richard himself could not have expressed them better. Indeed, there seems in one sentence the original of one of Franklin's wise sayings—perhaps it was a German proverb before Luther was born. The penny saved is better than the penny earned; and hence, says Poor Richard, "He that would thrive must ask his wife." If she is not disposed to aid him, he is but pouring water into a sieve; for the more he provides, the more she will waste. A very great proportion of the poverty in the world is occasioned by domestic mismanagement or negligence. And, on the other hand, it is but justice to declare that the prudence of many wives saves those who are dependent upon idle and dissolute fathers from absolute starvation. Each must, as Luther declares, have his or her duty and diligently fill it, and their combined efforts are scarcely fail not only to keep a household above want, but to advance it to competence, if not to wealth.—*Home Gazette.*

NAMBY-PAMBY.—"Ba-a-a!" shrieks a half naked infant of about eighteen months old.

"What's the matter with mamma's tweet yittle ducky?" says the affectionate mother, and while she presses it to her bosom, the young sarpint in return digs its talons into her face.

"Daden, Missis, I know what little massa Dim, wants," exclaimed the cherub's negro nurse.

"You black hussy! why don't you tell me then?" and the infuriated mother gives Dinah a douse in the chop with the shoe.

"Why, he wants to put his foot in dat ar pan ob gravy wots on de harf!" whimpered the unfortunate blacky.

"Well, why don't you bring it here, you aggravating nigger, you!" replied the mother of the bawling young one.

YE CANNOT SERVE GOD AND MAMMON.—The Wisconsin and the Plaindealer think the Republican call for primary conventions in this county is a great mistake, because it is addressed only to those opposed to the present State and National Administrations. The supporters of those Administaations must be *green* to suppose the Republican party intends to affiliate with those who sustain the supporters of the Nebraska fraud The friends of the present State Administration sustained the Nebraska bill in the last legislature, and defeated the Anti-Nebraska Resolutions in the Senate.

To expect that a party organized to restore the law of Freedom and put a stop to the encroachments of the Slave Power, will invite the aiders and abettors of those outrages to unite with it in controlling its action, is preposterous. Our neighbors' team are all wasted. No man can be a consistent opponent of these iniquities, and still support the authors and friends of the Nebraska bill

DON'T HE THINK SO—Does not Mr BOOTH think that a man who will palm off a forged letter upon another is as morally guilty of forgery, and therefore, as fit for State Prison, as if he had passed a forged bill, knowing it to be forged?—*Janesville Standard.*

Certainly we do. You have accused us of the crime and we deny it, and demand the proof Produce it.

In another article in the same paper, Mr Bunker says:

"We did not charge that *he* forged the letter, and *he* knows it."

This is precisely what Mr. Bunker said, in his first charge against us

"We now say that he who sent to us a letter purporting to be from Gov. Farwell, but as we learn, not written by him, *was guilty of Political forgery*, and will scarcely stand so high as he could wish. That man was Mr. Booth."

Enough said.

When we said that "Clement had been accused of all the crimes known in the criminal calendar, and arrested for some of them," Mr. Booth copied it, and used the term "convicted" instead of arrested. We think there is a difference between being arrested and convicted. What say you, Mr. B?—*Waukesha Plaindealer.*

We cut out the quotation from the *Plaindealer*, and must have overlooked the error in proofreading, for we did not know till now in what the error consisted. We certainly would not knowingly misquote a cotemporary.

ARCHIBALD WILLIAMS has been unanimously nominated for Congress by the Whigs of the 5th District of Illinois. His opponent is Col. Richardson, the leading champion of the Nebraska swindle, in the House. Mr. Williams was U. S. District Attorney for Illinois, under President Fillmore's Administration. The Chicago Tribune sets down Richardson's defeat as certain. We hope so.

MR. HOOD, the Hunker candidate for Judge in the 9th Judicial Circuit, promises, if elected, to "endeavor to make the administration of public justice *pleasant* to suitors and their representatives at the bar." To the defendant and plaintiff,—to him who wins as well as to him who loses. It must be pleasant to be convicted under such a judge.

ILLINOIS.—In Richardson's District, at the Congressional Convention, Richardson was nominated on the first ballot, and the Nebraska Bill was endorsed as part of the Democratic platform. That is honorable. Here, however, the policy of the Hunkers is to dodge this issue, just as in '48 they represented Cass to be in favor of the Wilmot Proviso.

THE article in yesterday's Free Democrat on the respective powers of the State and United States Courts, we have heard spoken of very highly. It was a well-reasoned, compact and logical article, expressing the true doctrine in the briefest compass.

WE had a visit yesterday from our friend Coe, of the Kenosha Democrat. He is not very sanguine in favor of Nebraska; in other words, he is an Anti-Nebraska Democrat, who thinks the party has violated the Baltimore Platform. But still he sticks to the party.

COL BENTON FOR THE PRESIDENCY—At a recent anti-Nebraska meeting, at Canton, St. Lawrence Co., N. Y., Preston King offered a resolution in favor of Col. Benton for the next President.

THE UNION between Whigs, Free Democrats and Anti-Slavery Democrats in Vermont is complete. The next election there will show a strong majority for the Republican party.

IOWA was the only Free State whose Legislature did not pass Wilmot Proviso Resolutions in 1847-'8-'9. The people have now remedied this omission pretty effectually.

THE STATESMAN, published at Wilmington, Delaware, is among our best exchanges. The' published in a Slave State, it speaks out boldly for the right on all public questions.

A MASS CONVENTION of the opponents of the Nebraska Swindle in Grant county, will be held at Lancaster, on the 6th inst., to organize for a vigorous fall campaign.

The *Phenix aus Nordwesten*, a German paper published at Sheboygan, has been discontinued. It didn't pay.

WE see by the Hudson (St. Croix Co.) Journal, that ARTHUR MCARTHUR, of this city, is on a tour through that part of the State.

THE MANITOWOC TRIBUNE ON PIERCE AND SLAVERY.

The editor of the Manitowoc Tribune was sick when the news of President Pierce's veto reached him, and requested a friend in whom he had confidence to express his views on the President and his administration. He convalesced, however, before publication day sufficiently to write an article endorsing it, so that the following may be taken as his own views

THE VETO.

Millions for Aristocracy, but not one cent for Democracy!

The River and Harbor bill, appropriating a few thousand dollars out of the Treasury of the U. S. for the relief of commerce on the western Lakes and Rivers, has been vetoed by President Pierce. His message returning the bill is short and to the point. In view of the constitutional scruples of Mr. Pierce, we are disposed to ask, whom shall we obtain that protection for internal commerce and navigation—which is more than equal to that employed in the foreign trade—that *snagless* and *harbless* harbors are calculated to afford to the maritime interests of the inland states? Is it not shamefully manifest, that we may no longer expect any President, or aspirant to that high office, from the Democratic party, in name, will ever regard our just claims, so far as to *permit* Congress to legislate for the improvement of the commercial facilities of the Great West. We must acknowledge that we are fearfully impressed with doubts. Nor is it with any trifling degree of alarm, that the mass of political affinities find themselves obliged to entertain grave charges of recreancy against our present leaders, who with the most amazing effrontery have voluntarily resolved themselves into the working harness, as the leaders of a select tribe of northern political *dogans* to the *South*. It is but too evident, that any, but southern views of the constitution, have become intolerable in the sight of him who dispenses favors from the White House. No legislation is savory in the nostrils of such disgusting demagogues, unless it be fragrantly imbued with the distilled odor of negroes Slavery has become the war god of America, and any amount of legislation or money, gluts the market of politicians at Washington. It has come to this; that slavery is *par excellence* the only favorite subject of Executive sympathy, and it only required another step in the exercise of Presidential authority to say, by the Grace of God, Slavery is the test of personal liberty and political freedom The powder which has been burnt by the great guns at Washington for the past year too plainly portend in its significant volumes of smoke, that the South are kings, the north slaves, and the rest beggars—kings, slaves and beggars by the dispensation of party discipline. An honest voice can scarce be heard in defence of the ancient principles of the Democratic creed, but some new-born zealot of the hireling press, pinches the tail of his pet cat, and raises a horrid catterwauling from the slunken lungs of defunct patriotism. What cares he for the character of the instument if his music is well *paid* for Such have we among us for politicians, sleek as moles, and twice as blind; who do not perceive that their bread, though well buttered now, may fall to the dirt, as a blubbering clown drops his provender from clumsy fingers. Political parasites are temporary articles, and it is time all such were marked by the people as unworthy to be trusted. The issues which are to divide the voters of this country are between the slaveholder of the South, and the working men of the North, between the owner of slaves, and the free white population of free states. Between these it is a struggle for the mastery.—The question is whether the South shall be restricted to the mastery over their own negroes within the limits of the present slave states, or whether they shall subdue the freemen of small farms and work shops at the North, and extending their nefarious institution over the necks of black and white, subjecting to their despotic dominions the whole face of our country, and even the globe itself. To this entertainment are the Democratic party invited in common with the men of every political cast of mind. That the South shall carry the war into Africa is no more than we expect, it is their privilege, but that our own statesmen should defraud us of the representation for which they receive adequate *pay*, is more brass than is commensurate with a sufferable quantity, and they must die the death of political traitors. The entire school of wire pulling demagogues must be broken up. Independent nominations must be made, and let a *regular nomination* be the seal of distrust. This is the only way to distinguish the stripe of the animal. A mighty revolution will have to sweep over the political arena of this country and it will be one of blood or brains, of the sword or the pen. The North must stand on a footing of equality in the *White House* and *Congress* and the *Legislative Halls* of every state, or stand aside from her present political masters VIVA VOCE.

IN 1849 there were in China, connected with the Roman Catholic Church, 84 European missionaries, 135 native priests, 14 colleges and seminaries, 326 churches and chapels, and 315,000 members. Their organization is complete, and extends over the whole country. The number of their missionaries is greater than that of all Protestant denominations, while they also have a large number of priests from among the natives.

FIRE AT ST. LOUIS.—A destructive fire occurred at St Louis on Monday morning last, by which a Store and Tinware establishment belonging to John Burd, a Saddle and Harness manufactory owned by John Young, and some other buildings, were destroyed. Mr. Burd's loss was $10,000, insured for $6,000. Young's loss was some $2,000.

THE mysterious clipper bark *Grapeshot*, belonging to George Law, has brought back her cargo of muskets to New York. It was reported that they had been landed in Cuba, but it is now ascertained that Santa Anna had bargained for them, but was not ready to pay cash on delivery.

THE colored barber of the steamer *Mayflower*, on coming to the dock at Buffalo, a few days since, saw his former owner standing among the crowd, and thinking himself safer at a distance, jumped into a small boat, and pulled for the ferry-boat *International*, which speedily landed him in Canada.

SUDDEN DEATH.—James Riggs, formerly editor of the *Amsterdam Intelligencer*, and for a few weeks connected with the R. I. R. R, died at Chicago, on Monday night last.

THERE are 19 prisoners in the Chicago jail, recently convicted, awaiting transportation to the Alton Penitentiary.

IN the new Canadian Parliament, ten of the members are editors. The whole number is 130.

JOSEPH B. SWAN, the Republican candidate for Judge of the Supreme Court in Ohio, is dangerously ill.

DOUGLAS has been telegraphed to visit Cleveland and help the party in their tribulations.

THE people of Madison are out of ice. How can they keep cool?

GEN. WASHINGTON ON SLAVERY.

The *New York Tribune*, a few days since, contained the following extract of a letter of Gen Washington, never before published:

"We conclude these observations with an impressive extract from a hitherto unpublished letter of Washington to Tobias Lear, written from Philadelphia on the 6th of May, 1794, while Mr Lear was in Great Britain, charged with negotiations for the sale of a considerable portion of Washington's landed estate:

"'I have no scruple in disclosing to you that my motives to these sales are to reduce my income, be it more or less, to specialities, that the remainder of my days may thereby be more tranquil and free from care; and *that I may be enabled, knowing what my dependence is, to do as much good as my resources will admit*; for although, in the estimation of the world, I possess a good and clear estate, yet so unproductive is it, that *I am oftentimes ashamed to refuse aid which I cannot afford, unless I sell part of it to answer this purpose.* Besides these, I have another motive which makes me EARNESTLY wish for these things—IT IS, INDEED, MORE POWERFUL THAN ALL THE REST—namely: *to liberate a certain species of property which I possess very repugnantly to my own feelings, but which imperious necessity compels, until I can substitute some other expedient, by which expenses, not in my power to avoid, (however well disposed I may be to do it,) can be defrayed.*'

"After reading these words, who shall accuse Washington of parsimony, or cite his venerable and sacred name as that of an apologist for slavery!"

A Virgina editor attempts to discredit the authenticity of the letter; but he only displays his ignorance of the writings of Washington, and of the history of his country, if he undertakes to deny Washington's opposition to Slavery. He liberated his slaves in his will, expressing his regret that he had not been able to do so in his lifetime; and in several letters, to Gen Lafayette and others, he expressed his anxious concern to see Slavery abolished. The Virginian who denies this displays deplorable ignorance or reckless mendacity.—*National Era.*

BILLS NOT PASSED.—The National *Intelligencer* gives the following list of bills which failed to become laws, during the late session of Congress.

"The Homestead bill, with the Senate's amendments; the Texas debt bill from the Senate; the Senate bill to provide payment for French spoliations prior to 1800; the ocean mail steamer bill with the amendment of the House; the bill establishing a mail line to Shanghai by way of the Sandwich Islands; the bill establishing the Ramsey mail route from New Orleans by way of Vera Cruz to Acapulco; the bill to establish a subterranian line of telegraph to the Pacific; the bill to provide a weekly mail to California; a bill to increase the rates of postage; Senate bill to provide payment to revolutionary officers or their legal representatives; a bill to extend the benefits of the bounty land system to officers and soldiers, seamen &c., of the war of 1812; and all the railroad bills embracing grants of lands. The army and navy reform bills are also among the subjects of importance laid over. Mr. Bennett's land bill, granting lands equally to the several States to aid in the construction of railroads and for the support of schools, was postponed on his motion to the third Tuesday in December next.

Familiarity on brief Acquaintance.—After the arrival of the eastern train on the Southern road last evening a young man named Edwin Dean took quarters in a small Hotel near the Depot to remain until the morning boat, by which he was intending to go to Winnebago Co., Wisconsin. In the bar-room of the Hotel there was somehow a scarcity of change, and young Dean undertook to relieve the pressure by shelling out a little from a pocket in the side of his coat. Shortly after this he began to feel sick, and a man named Brooke began to dose him with salt and water, which he pronounced a specific for all such dangerous attacks. He then took Dean out of the house for an airing, and after walking with him a short distance, advised him by all means, to unbutton his coat and get all the air he could. The young man unbuttoned his coat and—of course, soon after missed his money. The suspected person was watched and observed to drop a wallet into a ditch from which it luckily was fished out and brought up as evidence. After hearing the case the mayor had the prisoner committed.—*Chicago Jour., 22d inst.*

Congressional Convention.—We publish today, the call of the Republican State Central Convention, for the holding of Assembly District Conventions in all the Districts within the Second Congressional District, of which Grant forms a part. So far as we know or believe, Grant will be fully represented by delegates from her Assembly Districts. Let there be a full Convention of true men at Mineral Point, and let there be chosen a well tried man who has long been right, regardless of popular favor, and of his election no event is more certain. See that the candidate chosen is brave as well as sound, for there will be fighting to be done next Congress A brave man is never a dough-face; he will fight for his principles and rights rather than give an inch. All our troubles have been caused by cowards who quailed under the silly threats of disunion, abolition, and other negroisms.—*Grant Co. Herald.*

SALES OF REAL ESTATE.—Jacob H. Kimball sold 38 acres including his house and barn on section 2, for $3,400, also 4¼ acres adjoining for $250.

Wm. Phelan sold 100 acres in sec. 34, in Eagle for $3,000.

Wm. Robinson sold 190 acres in section 15, in the town of Eagle, for $3,000.—*Waukesha Plaindealer.*

Drought in Pennsylvania.—The following is an extract of a letter from Clarion county, Pa., in relation to the effects of the drought in that portion of the State:

"This season is the driest that has been in this county for fifty years. Grain is very high. Wheat $2 per bushel, rye $1, oats 50 cents.—Flour is $5 per cwt. The wheat in Clarion Co., this year, is the poorest I ever saw. Corn is burnt up; oats is not one fourth of a crop; buckwheat will be nothing; potatoes all lost.—I think the coming year will be the hardest for breadstuffs that this country has ever witnessed. The pasture in the fields is burnt up. The leaves on the bushes are all the cattle can get. No signs of rain yet."—*Chicago Press.*

What a Change!—Five years ago there were not half a dozen farms in the whole valley of the St. Croix; now there are five flouring mills in operation and erection, within a distance of ten miles of Hudson, and each mill containing from two to three run of stone.

There are also, within the same distance, 12 saw-mills, completed and in course of erection, three of which will be furnished with gangs; all together capable of cutting 50,000,000 feet of lumber annually.—*Hudson (St. Croix Co.) Journal.*

Boy Drowned.—A boy by the name of Miller, was drowned in the river at this place while bathing on Sunday evening last. His body has not been found; it is supposed that it has floated out into the lake.—*Sheboygan Jour.*

WAYSIDE CORRESPONDENCE.

NEW YORK, August 14, 1854.

Passing up Broadway we were attracted by the almost countless number of signs and symbols fronting to the great American Museum. Unlike most of the shows which flood the country, we see the exhibition superior to the representation, and no visitor should leave the city without spending an afternoon and evening at the Museum. The chief novelty at present is the African United Twins—two colored children, three years old, completely joined together at the back—constituting two beings in one. This is no humbug, but a wonderful *lusus naturæ*. A rabbit was in the square set apart for them, and we could not keep from shuddering to see them chasing it alternately, one pulling the other. The alcocygis of each child seems to be bent backwards so as to become continuous with the other. The lower portion, to probably one-third of its extent, of the sacrum of each, is in like manner joined by boney union to the corresponding portion of the sacrum of the other, forming with the muscles attached to them a firm band of two or three inches in diameter, but so short that the nates of each child are pressed against those of the other. They are thus united back to back, but not exactly parallel. The two alimentary canals are joined, it is probable, above the internal spincter, as the desire to go and actual discharge of the foeces is at the same time In all other respects they are perfectly distinct. One may be hungry, thisty, sick, and not the other. They amuse themselves as other children do, and I was told sometimes get angry and resort to blows—and are very ready to accuse each other of faults committed between them.

A very healthy Rhinoceros is also seen here I wonder at his indifference to the insults of visitors, who are continually punching him with sharp sticks, but as his skin is hard enough to turn the edge of a cimetar, or resist the elephant's proboscis, or claws of the tiger, he probably does not mind these lesser knocks

Ten thousand other curiosities all worthy of close examination by the student. The representations of tea making and Chinamen are said to be very accurate.

In the evening we witnessed the new moral drama prepared for the Museum from the thrilling and truthful work published by the Ladies Home Mission, and characterisitcally entitled the "Old Brewery" It has been performed before, here, and now is introduced again at the request of "eminent citizens."

It represents a steamboat landing from California, at pier on North River—sharpers looking out for victims—a returned Californian who is "green,"—their success with him—exterior of Old Brewery—&c. &c., until true Religion appears, and with the aid of Time transforms the Old Brewery, or den of infamy into a fairy temple raised to aid the work—exterior of the new Mission House—interior of the same, with grand chorus of children, Teachers &c. Old time was very finely represented with his scythe, and True Religion descending from above in the form of a female dressed in white, with the emblems of Virtue and Truth, accompanied with the Bible as her guide in transforming this darkest den of the Five Points.

We go from this representation of fashion and famine, with hearts prepared to aid the good ladies in their work of love; anticipating this, the manager of the Museum has placed a box for the reception of donations, at the door of the Lecture Room, and I was told that much had been contributed through this channel.

DENMARK.—There is a reason to believe that the popular Constitution won by the people of Denmark, in 1848 and 1849, has disappeared by a stroke of the pen. A telegraph dispatch from Copenhagen announces that on the 20th ult. the King, assuming that autocratic power against which the Diet has frequently protested in advance, issued an edict decreeing a new political organization for the entire monarchy. A council for the realm is to be formed, and to be composed of fifty notables, who will meet at Copenhagen once in two years and have as sound, for there will be fighting to be done next Congress A brave man is never a dough-face; he will fight for his principles and rights rather than give an inch. All our troubles have been caused by cowards who quailed under the silly threats of disunion, abolition, and other negroisms.—*Grant Co. Herald.*

THE CORN CROP.—The corn crop of this section of country, the syas the Clark Co. *Illinoisian*, may be regarded as a total failure.—There may be a few fields in this county that will contain pretty nearly an average yield; but on the whole the crop is very far from half the ocmmon product. A friend informed us a day or two ago that he had 150 acres planted, and that it would do better than he had expected it the whole of it should produce 100 bushels.—This is but a specimen. In some fields the stalks look as though a firebrand would set the whole mass in a blaze, while in many others they are so small as to be valueless for fodder. No one can remember of any so total extensive failure in this staple ever having occurred before in this country.

BEWARE OF COUNTERFEIT MONEY.—The Albany *Journal* notices the appearance in that city, of counterfeit 5's on the "Ohio State Stock Bank, Union Bank, of Sandusky City," and describes them thus:—"The vignette represents two females in a sitting posture, holding a shield upon which rests an eagle, and below it the words 'Prosperity and Liberty.' A staff, with the cap of Liberty, is held by one of the females. On one side the bills is a locomotive and tender under way, and upon the left cattle and sheep. It is a good engraving, but the signatures are poorly written.

The Upper Mississippi is lower than it has been at any time before during the past two years, and it is very difficult for the lightest draught steamboats to sail on it, there being not over 26 or 30 inches of water on some of the bars and rapids.

RYE FOR PASTURAGE.—A great many farmers in the vicinity of St. Louis, are sowing rye for fall pasturage, their corn and grain crops being short.

ALL the Hunker papers in Vermont have zealously advocated the Nebraska outrage.

ERIE & KALAMAZOO BANK.—Mr. Bell, President of the Exchange Bank, received yesterday the following despatch from Mr. Lee, President of the Erie & Kalamazoo Bank at Adrian:

ADRIAN, August 22, 1854.

To Wm. J. Bell, Pres't.—All right here—can not account for Thompson's movement.

NOAH LEE, *Pres't.*

New Bank.—A new Bank is talked of in this place to be called the Madison Bank. Mr. Lowe, the cashier, filed his application in the Controller's office yesterday, and deposited securities to the amount of $50,000 He has gone east to procure plates for the bills, and expects to open the Bank about the first of next October. —*Madison Journal.*

The Shullsburgh *Pick & Gad* still affirms that Dr. Percival, our new State Geologist, has been a resident of this State *several years* It is all a mistake. He came to Hazel Green, in this County, about the first of May, 1853, and left late in December of the same year. He never resided in any other part of the State.—*Grant Co. Herald.*

TREASON.—The Milwaukee *Free Democrat* has a "despatch" announcing that the Cabinet has decided to proceed against Jeffards, the egg-man, for high treason. We rather doubt the liability of Jeffards to such a prosecution, though we think the *egg* might well be indicted for *adhering to an enemy of the United States.* —*Philadelphia Reg.*

GARDENER'S EXHIBITION.—Mr. Spaan, at the Market House, has made extensive preparations for his exhibition this afternoon and evening, and he means it shall be equal if not superior to the last Horticultural exhibition. The vegetables will be sold at 2½ o'clock this evening.

ACCIDENT.—About 6 o'clock last evening, the joists—on which was a large quantity of brick—in the 4th story of Simon Meister's new brick building in process of construction on Chesnut St., 2d Ward, gave way, letting the brick and a workman clear to the ground, the weight of the brick breaking the joists in each story as they fell. The man's head and back were somewhat bruised, though not seriously.

ELECTION.—The special election for Alderman of the Fourth Ward, yesterday, resulted as follows: Haven Powers 149; D. N. Neiman 97.

REAL ESTATE SALE.—Yesterday Wm. Finkler sold one acre of ground in Roger's Addition, on Prospect St., Fourth Ward, to S. B. Schram, for $3,000.

SALE OF REAL ESTATE.—The Wisconsin of last evening says:

"A sale of a tract of 4,000 acres of land in Manitowoc county, was effected yesterday, by Mr McCrea, of the firm of McCrea & Bell.—The purchasers were a party of newly arrived German emigrants."

"MILWAUKEE BELLE."—This is the name of the new schr. built by Cap. She is a fine schooner, strongly constructed, will be masted and rigged immediately, and is expected to be ready for business by the 10th of next month.

JAIL.—A child of a prisoner named Costello died of cholera about 1 o'clock this morning. The remainder of the sick prisoners with the exception, perhaps, of one, are improving.

A prisoner named Thos. Scott, unknown to under sheriff Conover, was committed to jail last night for drunkenness. This morning Mr Conover finding he was in jail, told him to leave without delay. The fellow swore he wouldn't go till he got his breakfast, but Conover told him emphatically that he should, and he started his boots quickly.

Mr. Conover's family are recovering.

The Reciprocity Law.

An Act to carry into effect a treaty between the United States and Great Britain, signed on the 5th day of June, 1854.

Be it enacted by the Senate and House of Representatives of the United States of America, in Congress assembled,

That whenever the President of the United States shall receive satisfactory evidence that the Imperial Parliament of Great Britain, and the Provincial Parliaments of Canada, New Brunswick, Nova Scotia, and Prince Edward Island, have passed laws on their part to give full effect to the provisions of the treaty between the United States and Great Britain, signed on the 5th of June last, he is hereby authorized to issue his proclamation, declaring that he has such evidence, and thereupon, from the date of such proclamation, the following articles, being the growth and produce of said provinces of Canada, New Brunswick, Nova Scotia, and Prince Edward Island, to wit: Grain, flour, and breadstuffs of all kinds; fresh, smoked, and salted meats; cotton-wool; seeds and vegetables; undried fruits; dried fruits; fish of all kinds; products of fish and all other creatures living in the water; poultry; eggs; hides, furs, skins, or tails, undressed; stone or marble, in its crude or unwrought state; slate; butter, cheese, tallow; lard; horns; manures; ores of metals of all kinds; coal; pitch, tar, turpentine; ashes; timber and lumber of all kinds, round, hewed, and sawed, unmanufactured in whole or in part; fire-wood, plants, shrubs, and trees; pelts; wool; fish-oil; rice; broom-corn and bark; gypsum, ground or unground; hewn or wrought or unwrought burr or grind stones; dyestuffs; flax, hemp, and tow, unmanufactured; unmanufactured tobacco; rags: shall be introduced into the United State free of duty, so long as the said treaty shall remain in force—subject, however, to be suspended in relation to the trade with Canada, on the condition mentioned in the fourth article of the said treaty: And all the other provisions of the said treaty shall go into effect and be observed on the part of the United States,

SEC. 2. *And be it further enacted,* That whenever the island of Newfoundland shall give its consent to the application of the stipulations and provisions of the said treaty to that province and the Legislature thereof, and the Imperial Parliament shall pass the necessary laws for that purpose, the above-enumerated articles shall be admitted free of duty from that province into the United States, from and after the date of a proclamation by the President of the United States, declaring that he has satisfactory evidence that the said province has consented, in a due and proper manner, to have the provisions of the treaty extended to it, and to allow the United States the full benefit of all the stipulations therein contained.

Approved Aug. 5th, 1854.

Lumber.—During the past week several large rafts of lumber have been run out of Lake St. Croix, for the markets below.—*Hudson (St. Croix Co.) Journal.*

GREAT FIRE.

At 12 o'clock M. this day, a fire broke out in S. B. & J. Davis' livery stable, on Huron St., east of the United States Hotel. It originated in the hay loft, and almost instantaneously spread throughout the building, communicating in a few minutes, to the wooden buildings and stables east and north on Huron and Main Sts., which were soon consumed to Michigan St.

The wind at first blew gently from the South East, but soon changed to almost due East, and the flames attacked the rear and roof of the brick buildings on East Water street, sweeping every building from the United States Hotel to Mitchell's Bank and the Wisconsin office, and at this hour, a quarter past two o'clock P. M., the entire block bounded by Huron, East Water, Michigan and Maine streets, is in ashes. The fire has also attacked the buildings on the West side of East Water street, beginning at Huron and working up toward Michign st.

Most of the goods on the east side of East Water st. were removed, but in a very damaged condition. The type and books of the *Wisconsin* office were principally removed, but the presses, fixtures and a new steam engine, just put up, were consumed.

The steam tug and boats were put in requisition to convey goods across the river, especially from the stores on the river.

LATER—*Three o'clock P. M*—The confectionery store of Herschede & Schendt, Carey's clothing store, of wood; J. D. Gardiner's, dry goods, Haney & De Bow, hardware; Bosworth & Sons, druggists, H.J. Nazro & Co. hardware of brick; all of which, on the west side of East Water St., were burnt out, completely gutted, and the fire is raging in Bosworth & Sons. I will be checked there.

Great damage has been done to the goods of Sexton, Brother & Co., and those in the stores north, by water. All the buildings in the block before mentioned are entirely destroyed, and but small portions of the walls are standing.

It is impossible to estimate at this hour the amount of loss, but it must be very great. It is by far the most disastrous fire which has ever occurred in Milwaukee, and had it happened at night, almost the whole business portion of the city would have been consumed.

☞ **NOTICE TO GAS CONSUMERS.**—The city may not be supplied with Gas this evening, as the walls have fallen on our Stop Cocks and can not be got at. M. W. CLARKE, Sec'y.

Sparks from the Potosi Republican.

WHO ARE WE GOING TO RUN FOR CONGRESS.— * * * Whoever manages sufficiently skillful to succeed in obtaining a nomination before this Convention, is the individual who, according to the Common Law of politics, is entitled to the democratic support of his constituents.

Now, we acknowledge the obligation of this law, and believe that when a regular nomination has been made in accordance with the established usages of the party, it should be acquiesced in by every true and loyal partizan.—But, be it understood in advance, should this said Mineral Point Convention, by trick intrigue, and wire-pulling, be made up of the representation of demagogues instead of the people—the hired delegates of renegade politicians—the pimps, lick-spittles, and hirelings who breed in and live upon party offal, instead of honest men, and make choice of a man who only differs from his pot-companions in his greater ability to concoct and achieve rascality—we shall decline to receive its action as binding—in more expressive language, we shall bolt the nomination!

THE IOWA ELECTION insures Iowa a Whig U. S. Senator for the next six years, in place of Hon. A. C. Dodge. So much for acting against the will of his constituents in his support of Douglas and Nebraska.

They also elect Grimes (Whig) for Governor, and return a full Whig representation to Congress. It will be well for Wisconsin to learn a timely lesson from the dead ass!

BENTON'S DEFEAT.—We look upon this defeat as a signal calamity to the cause of Freedom, of humanity, and rational improvement.—In Congress, the demagogue and evil-doer, had no greater terror than Col. Benton, and his country no warmer patriot, or more able advocate of its rights. To the Whigs of Missouri belongs the glory of having achieved his defeat.

The Greytown Outrage.—We have seen many statements of this alleged insult to Mr. Borland, but, as yet, have seen nothing that would justify the recent destruction of Greytown, more than for the same reasons might have been a hundred different times before. * * * We think there is blame attached to some one for this destruction of property, and we do not see any intimations in the instructions given above, that Com. Hollins was required to commit such a wanton destruction of property.

The Potosi editor appears to do his own thinking.

THE Rockford Democrat learns that during a thunder shower of the 4th inst., a man named Merchant and four of his children were killed instantly by a stroke of lightning. They resided about a mile South of the Winnebago station. The father, mother and five children comprised the whole family, and by this sudden calamity only the mother and one child remain. They were all in a bed together at the time.

Holloway's Pills, *a most effectual Remedy for Bilious Complaints and Indigestion.*—A Captain in the mercantile service, who traded many years between the Bahamas and Florida, suffered for a considerable time from severe billious attacks and indigestion, depression of spirits, bordering on melancholy, a sinking at the pit of the stomach, also an unnatural craving after substantial food. He paid an immense sum of money for medical advice without obtaining any benefit. However extraordinary it may appear, he was cured in less than six weeks, by taking Holloway's Pills, and for the last two years he has not felt the least symptom of bile, indigestion, or disordered liver. aug21dawlw

Fire at Kenosha.

KENOSHA, Aug. 24.—A fire occurred here at 3 o'clock this morning, on Exchange St. The barn of the American House with its contents was entirely destroyed, and a wagon shop belonging to A. P. Wightman considerably damaged. A valuable horse of Mr. Veazie was consumed with the barn. Some insurance. Amount of loss and cause of fire not known.

NEW YORK, August 22.—The Danish frigate which has been lying in our harbor for some time past, sailed this morning for Copenhagen. On passing Bidwell's Island she honored the American flag with a national salute. The compliment was acknowledged by a dip of the star-spangled banner.

A meeting of the Erie Directors was held this morning, when they resolved to issue new mortgage bonds, redeemable in four equal payments at one, two, three and four years, drawing the usual interest in exchange for the income bonds due, and payable on the first of February.

The great decline in Erie Stock seemed to be the all absorbing topic of discussion on the street, and feeling is strongly expressed that the stockholders should be called together at once, and a condensed statement of the affairs of the Company submitted to them.

The books of the Harlem Railroad Company were duly opened to-day, and a large amount of stock transferred. The new certificates are made to run in the name of the U. S. Trust Co., who certified their responsibility that such parties are holders of so much stock. The new certificates are only given on the day after the transfer is made, and the old certificates are given up.

A DEAD SHOT.—Gov. Gorman, of Minnesota, is *ex-officio* Indian agent for the Minnesota Indians. At a recent council with the Chippewas he threatened any one who might be found drunk, with the loss of their annuities, and said that what was thus forfeited should be divided equally among the sober ones. Hole-in-the dark, a distinguished orator, remarked in reply, that it was just, but that the same rule ought to be applied to the agent, *who was a great man*, and had a great annuity. It ought to be taken from him and divided, like the others, *for he got drunk very often.*

The point of that joke can be fully appreciated by those who personally know the Hon. Willis A. If Hole in-the-Dark did not make a hole in Gorman's shirt, that time, we don't know what old Greene county whisky is—thats all.—*Chicago Tribune.*

THE AMERICAN'S FRIEND!
HOLLOWAY'S PILLS!
TO THE CITIZENS OF THE UNITED STATES—
I most humbly and sincerely thank you for the immense patronage which you have bestowed upon my Pills. I take this opportunity of stating that my Ancestors were all American Citizens, and that I entertain for all that concerns America and the Americans, the most lively sympathies, so much so that I originally compounded these Pills expressly to suit your climate, habits, constitutions, and manner of living, intending to establish myself among you, which I have now done, by taking premises in New York. THOMAS HOLLOWAY,
38, corner of Ann and Nassau Streets, N. Y.

PURIFICATION OF THE BLOOD AND LIVER AND BILIOUS COMPLAINTS.
The citizens of the Union suffer much from disorders of the Liver and Stomach. Scarcely any are free from the influence of these destructive maladies. Hence life wears fast. The fair sex, perhaps the most handsome in the world, up to a certain period, when, distressing to say, many lose their teeth and good looks while yet in the heyday of life. Such sad evils may be effectually remedied by continually keeping the blood pure and the Liver and Stomach in a healthy action, when life will flow smoothly, and resemble plants in a congenial clime, where an eternal spring appears to reign. As it regards the preservation of the human frame, and the duration of life, much may be effected, and I say fearlessly, that health and life can be prolonged for many years beyond their ordinary limits, if Holloway's Pills are taken to purify the blood according to the rules laid down for health contained in the directions which accompany each box.

A CASE OF WEAKNESS AND DEBILITY OF TEN YEARS STANDING, CURED BY HOLLOWAY'S PILLS.
Copy of a Letter from Capt. John Johnson, Astor House, New York, dated Jan. 5th, 1854.
To PROFESSOR HOLLOWAY, 38, corner of Ann and Nassau streets, New York—
SIR: It is with the most heartfelt pleasure I have to inform you that I have been restored to health and strength by taking your Pills. For the last ten years, I suffered from a derangement of the Liver and Stomach, and was reduced to such an extremity that I gave up my Ship, never expecting to go to sea any more, as I had tried every remedy that was recommended to me, but all to no purpose, and had given myself up to despair, when I was at last recommended to take your Pills. After using them for three months, the result is that I am now in better health than I have been for eleven years past, and indeed as well as ever I was in my life. You are at liberty to make this known for the benefit of others.
I remain, Sir, yours respectfully,
(Signed) JOHN JOHNSON.

A CHALLENGE IN THE SUM OF $1000!
TO ALL SAFE MAKERS IN THE UNITED STATES, who do not make or infringe upon HERRING'S or WILDER'S Patent Rights, which I have enjoyed and furnished to the public with all the improvements since they were first patented.

The result of several former trials, when fairly tested with other Safes and the numerous accidental fires which have brought them in contact with other Safes, has deservedly placed the Safes manufactured by me, far ahead of all similar protectors.

In order that the public may have a further opportunity of judging whether their verdict as rendered in favor of MY SAFES has been a correct one, I propose another fair trial upon the following conditions:

First—A committee of respectable citizens to be selected (as may hereafter be agreed upon) to conduct the trial.

Second—Each party accepting and entering upon terms in writing, to furnish said committee with a given number of names of parties who have purchased their Safes and now have them in use.

Third—The committee to select one of each maker's, of corresponding size, so that the maker cannot be allowed to manufacture one expressly for a *furnace or blow-pipe heat*, as much suspicion has always attached itself to all premeditated tests of Safes.

The public are not interested to know who can make a Safe to stand a blast furnace or blow-pipe heat the longest. But it is of vast importance to the whole commercial world to know who furnishes those which prove the best in a natural, accidental fire, such as one would be subject to in the burning of a store, house, factory or other building.

Fourth—The committee to conduct the fire, and render the report in writing for publication.

SUMMER.

BY MRS. NORTON.

This is the time of shadows and of flowers,
When roads gleam white for many a winding mile—
When gentle breezes fan the lazy hours,
And balmy rest o'erpays the time of toil—
When purple hues and shifting beams beguile
The tedious sameness of the heath-grown moor;
When the old grand-sire sees with placid smile,
The sun-burnt children frolic round his door,
And trellised roses deck the cottage of the poor.

The time of pleasant evenings! when the moon
Rises accompanied by a single star,
And rivals e'en the brilliant summer noon,
In the clear radiance which she pours afar—
No stormy winds her hours of peace to mar,
Or stir the fleecy clouds which melt away
Beneath the wheels of her illuminated car;
While many a river trembles in her ray,
And silver gleam the sands round many an ocean bay!

Oh, then the heart lies hushed afraid to beat
In the deep absence of all other sound;
And home is sought with loth and lingering feet
As though that shining tract of fair ground
Once lost, and left, could never more be found;
And happy seems the life that gypsies lead,
Who make their rest where mossy banks abound,
In nooks where unplucked wild flowers shed their seeds,
A canvass spreading tent the only roof they need!

LUDINGTON & GRIDLEY,

HAVE commenced the SPRING CAMPAIGN in good earnest. They have on hand by very recent arrivals a LARGE, FULL and COMPLETE STOCK of

SEASONABLE GOODS,

Which, by good management, good luck, &c., they have obtained greatly ahead of their neighbors, and as none of their purchases were made until *after the depreciation in prices in the Eastern Markets,* their advantage in comparison with those who purchased Goods in March and April, will be some 10 or 15 per cent, all of which the purchaser shall have the advantage of, as our prices will be correspondingly low.

An enumeration of articles is deemed unnecessary. We name only a few of the prominent:
